The advice pertains to the TPO'd willow tree currently situated on the site. It was discussed that the removal of the tree would be necessary to enable any development on-site due to the presence of an existing sewer. While the option of diverting the sewer was explored, correspondence with Seven Trent Water has confirmed that diversion is not feasible.
Mr Pettitt has expressed his view that he might consider approving the removal of the willow tree if it is clearly stated within a planning application, accompanied by adequate justification for its removal and appropriate mitigation measures. In this application, we have included our correspondence with Seven Trent outlining their requirements and further justifications for the tree's removal. Additionally, we have enclosed an Arboricultural impact assessment that outlines a proposed tree planting scheme to address this matter.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
