We welcome all comments, but in making a decision we can only take into account planning considerations.

The lists below are not exhaustive but set out some examples of what are considered to be planning issues and what cannot be taken into account.

##### **What can be taken into consideration:**

Examples of material planning considerations include:

- Local and national planning policies
- Previous planning application and appeal decisions
- Principles of case law established through the courts
- Design, layout and appearance of a proposal
- Impact on trees or on the landscape
- Access and parking
- Highway safety issues
- Loss of privacy and increased overlooking or overshadowing
- Loss of sunlight
- Increased noise and disturbance
- Smells and fumes
- Impact on ecological features
- Impact on historic buildings or their settings
- Increased flood risk

##### **What cannot be taken into consideration:**

Examples of issues that are not regarded as planning considerations:

- Loss of views
- Effect on property values
- Loss of trade from competing business
- Boundary or land ownership disputes
- Access to neighbouring property for maintenance purposes
- Damage to property during construction
- Covenants on the land (these are a matter for the owner of the land)
- The fact that the development has already started
- Potential motives of the applicant
- Matters controlled under other legislation, e.g. Building Regulations; fire precautions; matters covered by licences.
- Problems arising during construction period, e.g. noise, dust, temporary parking problems
