Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- Yes
 No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The house currently has a car port and garage. The garage is currently unusable as it is a single skin wall and in a dangerous condition. The proposal is to replace the car port and garage with a single storey extension to provide a utility room, bedroom and bathroom. Holly was disabled a few years ago, and we adapted the house for her by removing some internal walls etc. This has left it with only one bedroom, and she needs a spare room so that we can stay with her if she needs help. Also, the house currently does not have any good wheelchair access. This proposal will provide a ramp to the new back door, and into the utility room.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- Yes
 No

If Yes, please give a full description of the scale and nature of the proposed use, including the processes to be carried out, any machinery to be installed and the hours the proposed use will be carried out

Change of use of the garage into living accomodation

If Yes, please fully describe the existing or the last known use, with the date when this use ceased

The garage has been used for general storage for many years.

Has the proposal been started?

- Yes
 No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

To the best of our knowledge, the garage was built when the house was (50+ years ago?!) and the carport 20+ years ago

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

Information about the proposed use(s)

Select the use class that relates to the proposed use.

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We understand that this falls within the scope of permitted development rights.
It will be less than half the width of the original house. It will be a flat roof design, and no higher than the eaves of the original house, and having discussed with the duty planning officer, we believe it complies with PDR.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- Yes
 No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- The agent
 The applicant
 Other person
