Parking

Will the proposed works affect existing car parking arrangements?

- Yes
 No

If Yes, please describe:

We are in effect removing one potential car parking space immediately beside the existing garage by addressing the existing change of level around an 800mm drop from the boundary wall to the house. That space is to be landscaped and car free. The existing garage does not currently function as a car parking space as it's only 4m deep so there's no loss there. There is physically the space for six cars though only two are needed, reflected in the proposed car port.
