9 Calton Avenue

Dulwich

London

Saturday, November 11, 2023

Dear Joey,

Further to my site visit at the above address I can confirm that Cut Above Tree Management Ltd. recommends the following tree work in the rear garden of the above property:

T1 - X large Beech tree, side of 55, reduce canopy back from building to give 2 m clearance. Remove small lower lateral branch to stem which is growing towards bay window.

If you need any further information, please feel free to contact me on my mobile at the bottom of this page. I look forward to hearing from you.

Kind regards

Hamish Lodge
