Hi Keiron

Thank you for your email, which please see responses below.

We sent an *invalid* letter dated 21st September. Within this letter we ask that the additional information is provided by email to trees@bracknell-forest.gov.uk; as you submitted the information on the planning portal we did not receive any additional information which you have now supplied. I will pass this to a Tree Officer to assess and advise you if the application can be validated.

I'm not sure where you have got the decision date of 13th November from as we have not yet validated this application for the above reasons.

Regards
Rachel

CAUTION: This is an EXTERNAL EMAIL. STOP. THINK before you CLICK links or OPEN attachments.

Good Morning,

On 21st September we received the attached validation letter.

On 22nd September the requested documents were uploaded to the planning portal (PP Ref: PP-12464049). Folder of what was uploaded attached.

Today we have received the letter saying the application is being returned to us but we have done what was requested.

A decision to our application is due by 13th November 2023.

I would reiterate that this is not an application to remove trees but install a root barrier to allow their retention whilst mitigating their influence on the adjacent building.

We look forward to hearing from you.

Kind regards

Keiron Hart
