

APPENDIX 1

Cobblers, Snapes Lane, Brent Eleigh, CO10 9SU

T1 – Ash Tree

To reduce the weight and overhang by up to 4/5m back to suitable points.

Decay in main stem, previously damaged some years ago. Leans towards the house and garden.

T2 – Crack Willow Tree

To coppice to 2/3m to make safe.

Tree is pulling up it's roots and is leaning heavily, it will fail very soon, it is a huge tree and over mature. There is a large split running 2m up from it's root system, if it were to fail it will damage the car store and numerous other trees.
