Dear Sir / Madam

TOWN AND COUNTRY PLANNING ACT 1990  
 PLANNING (LISTED BUILDINGS & CONSERVATION AREAS) ACT 1990

**Address: Flat 2, 46 Wimpole Street, London, W1G 8SD,**

**Proposal: Reconfiguration of a two bedroom, one bathroom apartment, including internal alterations, removal of structural walls and replacement of timber sash windows. (Linked to 23/06664/LBC)**

Thank you for your recent response to our email dated 6 September 2023 requesting further information in respect of your application received on 25 August 2023. Regretfully I am writing to inform you that your application is still incomplete for the following reason(s):

- 1 Please provide a sustainable design statement.

#### INFORMATIVE

The statement should provide a proportionate level of information or commentary to demonstrate how the design has positively addressed the sustainable design principles set out in Policy 38D in the City Plan 2019-2040. This should include design implications arising from related policy in particular Policy 34B (urban greening), Policy 36 (Energy) and Policy 39 (Heritage). It should set out how consideration has been given to the energy hierarchy and cross reference other relevant documents including the BREEAM assessment, SuDs strategy, energy strategy, heritage statement and water calculations where provided and relevant. Any proposal involving demolition of a building should include a statement setting out why it is not possible to retain and improve the existing building in line with Policy 38, cross referencing the whole life cycle carbon analysis where required.

Where heritage assets are affected, this should cross reference the Heritage Statement. If

incorporated within the Design and Access Statement, it should be a distinct and clearly identified separate section.

More information and templates can be found on our website: <https://www.westminster.gov.uk/planning-building-and-environmental-regulations/planning-applications/advice-planning-application-supporting-documents/sustainable-design-statement>

- 2 Please provide manufacturers specification of the replacement windows to include details of the proposed materials. Please provide an annotated elevation or photo cross referenced to show the location of the window/s to be replaced in the context of the whole building.
- 3 You have signed Certificate A declaring that nobody other than the applicant has ownership of the building. This is unlikely to be correct, unless you are the sole owner of the building(s) affected by the development, Certificate B should be completed and notice served on the freeholder and all those with a leasehold interest in the property with seven or more years remaining. Please provide a list of names and addresses of those you have served notice on. A copy of the certificate form can be found on the City Council's website. Please use the link below to download a copy of the form.
