Thank you for your application received on 26 October 2023. I am writing to inform you that your application is incomplete for the following reason(s):

1 The floor plans you have provided are not labelled as either existing or proposed. Please revise your plans to include correct labelling

2 Please provide:

- Existing and proposed elevations in context to the whole building annotating the windows affected.

INFORMATIVE: Your plans and drawings must be accurate and drawn to a recognised metric scale, include a scale bar, with any precise dimensions stated for important details. You must give each plan a distinctive reference number.

3 Please provide a sustainable design statement.

INFORMATIVE

The statement should provide a proportionate level of information or commentary to demonstrate how the design has positively addressed the sustainable design principles set out in Policy 38D in the City Plan 2019-2040. This should include design implications arising from related policy in particular Policy 34B (urban greening), Policy 36 (Energy) and Policy 39 (Heritage). It should set out how consideration has been given to the energy hierarchy and cross reference other relevant documents including the BREEAM assessment, SuDs strategy, energy strategy, heritage statement and water calculations where provided and relevant. Any proposal involving demolition of a building should include a statement setting out why it is not possible to retain and improve the existing building in line with Policy 38, cross referencing the whole life cycle carbon analysis where required.

Where heritage assets are affected, this should cross reference the Heritage Statement. If incorporated within the Design and Access Statement, it should be a distinct and clearly identified separate section.
