Hello Oliver,

Thanks for your email. Please find further photographs attached, as requested. I have attached one photograph of each of the trees and one showing you the view from the bottom of the garden to the top, which shows how the lower branches are covering the flower bed, (tree 6 and the view will be sent in a separate email).

There are six trees to be pruned. These have all been pruned previously and as you can see from the photographs are currently covering the flower bed beneath and so the intention is to remove lower branches to provide light for the flowers in the flower bed below.

It may also be possible to lift the crowns of the larger trees, this work has been carried out in the past. This would be by approximately 4-6 feet. Where thinning the crown is required, this could be by approximately 10% of the overall tree. I am unable to draw lines on photographs.

I am very happy to meet with a tree officer and show them the trees and discuss the work we require, by prior arrangement. I know in the past they would visit and speak to my father and give him a lot of support regarding the very same set of trees, which provide the boundary between ourselves and our neighbours at number 44 Davenport Avenue. Sadly, my father died recently and took his knowledge of the trees with him.

I hope this additional information is helpful and your support, understanding and kindness is much appreciated, thank you.

Rachael Mather

Subject: 23/03387/TCA - Tree Works at 46 Davenport Avenue, Hessle

Good Afternoon

Following on from our previous conversation on 07.11.2023, on the application form it is stated that some trees are to be pruned. Please could you confirm the number of trees that you wish to carry out work on.

Please could you also clarify what work you wish to carry on the trees in question. If you wish to reduce the crown(s) or lift the crown(s), please could you also provide an approximate measurement in feet or metres as to the amount the crown is to be reduced/lifted by (alternatively, this can be illustrated on photographs with a line depicting where the crown is to be reduced/lifted to).

If you wish to thin the crowns, please could you provide the amount that wish to thin the tree by as a percentage.

Please could you provide the above information by 5pm on Wednesday 29th November 2023 as your current application will be automatically returned on this date and a new application will need to be submitted at a later date with all the required information.

Kind regards

Oliver Robson
