Re Trees subject to TPO 14 Norwich Road.

Dear Mr Symonds,

Some time ago I phoned you about a number of trees in my garden that look as if they are dead or dying. There is one in particular that I am concerned about which is adjacent to Norwich Road and looks as if it is dangerous with damaged roots. This is number A of the pictures that I enclose.

There are a number of other trees that are dead and I enclose photos of these letters A to F. I would be grateful for your help in dealing with these trees under the 5 day written notice.

Best wish

Trevor O'Neill
