Informatives:

- Any failure to adhere to approved plans or to comply with any conditions or limitation attached to this permission/consent may lead to enforcement action being taken. This permission may be invalidated if conditions requiring compliance before commencement are not complied with.
- The project may be subject to the requirements of the Building regulations 2010. Advice and assistance can be obtained from our Building Control Team on 01284 757387 or building.control@westsuffolk.gov.uk. They will work with you offering competitive fee quotations and pre-application advice upon request.

- 3 This permission does not grant any approval or consent which may be required under any enactment, byelaw, order or registration other than the Town and Country Planning Act 1990 or under any covenant.
- 4 The development hereby approved should be built in accordance with the approved plans as a further planning permission will be required where material alterations or revisions are proposed to an approved scheme. An application for non-material changes to the planning permission can be submitted in writing to the Local Planning Authority under Section 96A(4) of the Town and Country Planning Act 1990. A specific form will be required for that purpose and these are available via the Planning Portal or they can be downloaded from the council's website at www.westsuffolk.gov.uk. A fee of £34 for a householder application or £234 for all other applications will be required in order to register the application.
- 5 Any works to a watercourse (i.e. main river, ordinary watercourse, ditches, dykes, cuts) require separate permits or consents from the local drainage authority before construction takes place. Please contact the following drainage authority if works affect:-
 - Main river – may require environmental permit from the Environment Agency
 - Non-main river – may require land drainage consent under section 23 of the Land Drainage Act 1991 either from the Lead Local Flood Authority or IDB.
- 6 When determining planning applications The Town and Country Planning (Development Management Procedure) (England) Order 2015 requires Local Planning Authorities to explain how, in dealing with the application they have worked with the applicant to resolve any problems or issues arising. In this case, officers had significant concerns regarding the original proposal's design and scale which involved two storey extensions to the existing dwelling, therefore, negotiations between the agent and case officer took place which resulted in the submission of amended plans which are now being approved.
