

Ref: 23/02290/FUL

INSTALLATION OF PV PANELS TO COUNCIL OFFICE AND THE TYTHINGS, CONVERSION OF CHANGING ROOMS TO COMMUNITY HUB AND INSERTION OF ACCESS DOOR TO GROUND FLOOR SIDE AT THE TYTHINGS

Further to the above application and your request for further information which is responded to as follows =

- The change of wording describing the proposed work is acceptable
- Existing floor plans of The Tythings are enclosed
- Existing elevations enclosed
- Detailed plans of the proposed layout are enclosed

BAT STATEMENT

The soffits, fascias and roof structure were inspected and no evidence of entrance, roosting or nesting was evident.

REFUSE DISPOSAL

The Tythings and Council Offices are both served by two large 'Gordon' commercial sized bins, one for general waste and one for recyclable waste. Both are emptied regularly in accordance with a commercial contract.

VENTILATION

It has recently been decided to only serve tea, coffee, light beverages (fruit juice etc) and light snacks (cakes, scones, sandwiches etc). No cooking is envisaged so commercial grade fume extraction will not be required.
