Hi

I have attached the photo I took this morning. It was early and poor weather so not the best quality. I have lived here 35 years and seen all these trees daily. I took the photo because it was so unexpected. Luckily the top of the tree fell into the Balbec garden and not on my garage! If you need a better photo just let me know

Good Afternoon,

Thank you for your email, and for letting us know.

If possible would you be able to take a photograph/s of the damaged tree, so that we can add it to our records

Many thanks

I just wanted to let you know that a protected poplar in our back garden has been broken by yesterday's wind. There were 3 poplars and an Ash on the boundary line of our back garden and the back garden of a house on Balbec Ave. [REDACTED]

[REDACTED] The trees are or should be actually on the boundary.

Yesterday's storm has snapped a poplar in half. [REDACTED]
