Planning Application
Not for construction

© Copyright You Architecture Ltd 2020

General Notes.
Contractors must verify all dimensions/levels and carry out all necessary exploratory works on site and confirm existing structure, temporary support or setting out before commencing any works. Do not scale off the drawings. If in doubt or any missing info please ask, do not assume. Any discrepancies to be reported to us.

No construction work before all Local Authority consents, Planning Permission, Building Control approval and structural engineer confirmation.

You Architecture Ltd is not liable for any work undertaken without Planning Consent or Building Regulations Approval before or after our involvement. Any unauthorised works without all necessary approvals from Local Authority are entirely at the risk of the owner/builder.

If any variation is made to design without our permission, we accept no liability for the entire design.

All structural elements inc. loadbearing walls, joists, beams and columns to be confirmed by structural engineer. All drawings are to be read in conjunction with all relevant drawings and specifications.

All work is to be carried out in accordance with the manufacturer's guidelines, the latest British standards Codes of Practice, regulation 7 of Building Regs and recognised working practices. All work and materials should comply with Health and Safety legislation.

Local Water Authority consent to be obtained when building over or near to public sewers.

Highways Authority Consent to be obtained when building over or near to highways.

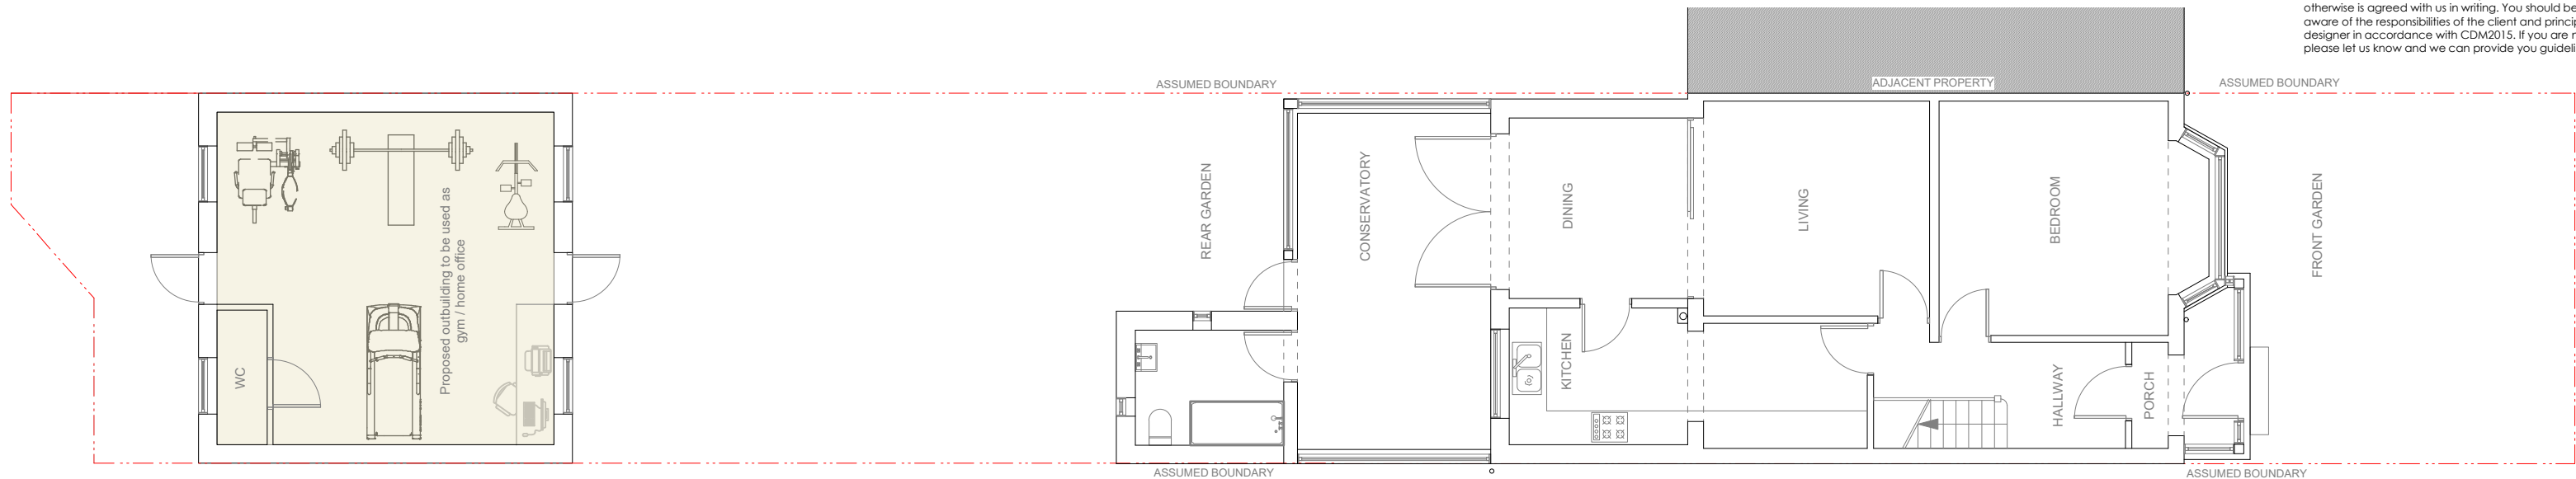

CDM REGULATIONS 2015

The client must abide by the CDM Regulations 2015 and you may have a requirement under the CDM Regulations 2015 to notify the Health & Safety Executive.

The Health and Safety Executive is to be notified as soon as possible before construction work starts if the works:

(a) Last longer than 30 working days and has more than 20 workers working simultaneously at any point in the project. (b) Exceeds 500 person days.

If the contract exceeds the above then it is the client's duty to appoint a Principal Designer & Principal Contractor. In accordance with the guidelines of CDM2015 we confirm we are not the principal designer and this role will be carried out by others, unless otherwise is agreed with us in writing. You should be aware of the responsibilities of the client and principal designer in accordance with CDM2015. If you are not please let us know and we can provide you guidelines.

EX-10 **GROUND FLOOR PLAN**
Scale: 1/100

PERMITTED DEVELOPMENT NOTES FOR OUTBUILDING:

- * No outbuilding on land forward of a wall forming the principal elevation.
- * Outbuildings and garages to be single storey with maximum eaves height of 2.5 metres and maximum overall height of four metres with a dual pitched roof or three metres for any other roof.
- * Maximum height of 2.5 metres in the case of a building, enclosure or container within two metres of a boundary of the curtilage of the dwellinghouse.
- * No verandas, balconies or raised platforms.
- * No more than half the area of land around the "original house"* would be covered by additions or other buildings.
- * In National Parks, the Broads, Areas of Outstanding Natural Beauty and World Heritage Sites the maximum area to be covered by buildings, enclosures, containers and pools more than 20 metres from house to be limited to 10 square metres.
- * On designated land* buildings, enclosures, containers and pools at the side of properties will require planning permission. Within the curtilage of listed buildings any outbuilding will require planning permission.
