Dear Mr Black,

Further to the above application please can you confirm that the following description of development is acceptable:

Construction of a single-storey detached garden room (Part retrospective). Regularisation for the siting of a single-storey garden room raised decking and associated pool with associated works for uses ancillary to the main dwelling. (Retrospective)

I look forward to hearing from you and as soon as this is confirmed I will get the description of the development amended and start the consultations with consultees and neighbours.

Regards, Melissa Baldwin
