Details of the pre-application advice received

- In respect of the roof form I advised that a 40 to 45 degree pitch hipped roof would be considered acceptable. - I advised that the additional floor would likely comply with the 45 degree code set out in the Essex Design Guide designed to avoid overshadowing of neighbouring dwellings, particularly given its was intended to be constructed over the original bungalow footprint that follows the established front and rear building lines in the street. - With regard to the rear dormer, I advised that the Council normally seeks to avoid box style dormers. - With a rear garden depth of some 20 to 25 metres the proposed rear facing windows proposed in the upper floor would not be likely to give rise to overlooking. - In respect of side boundary separation, our old guidelines advocated that dwellings should normally be set in one metre from the side boundary of the site. - With regard to fenestration I advised that the first floor front window should be vertically aligned with the bay window below, whether that be a two light wide window shown, a wider window or double height bay. - The existing entrance door is set well back to the side and it would be open to the client to bring this forward to the front elevation. - In respect of the proposed bathrooms/en-suites proposed at first floor level, I advise it was open to the client to consider the provision of small 600mm to 1200 mm wide obscure glazed windows in the flank elevations. - Properties in the street are finished in a mix of brick, render, weatherboard and tile hanging, or combinations of these below tiled roofs. The provision of weatherboard/tile hanging to the upper floor indicated would provide a good visual contrast with the render used on the ground floor and would be considered acceptable.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
 No

 No

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.
