Description of Proposed Works

Please describe the proposed works

The exterior of my house is painted white. The external wall on the south-west end of the property facing the High Street has damp and other problems, and needs urgent repairs. My son and his young family are staying with me, whilst major repairs are conducted on their own house, so these repairs to my house need to take place as soon as possible. It was suggested to me, by professional builders, that the best solution for that wall only, (no changes to any other walls) would be: external insulation finished with white render to match the rest of the house. The wall will remain white and regarding the house appearance, it will look exactly as it is now - but in a better condition.
