

PLANUM

Description

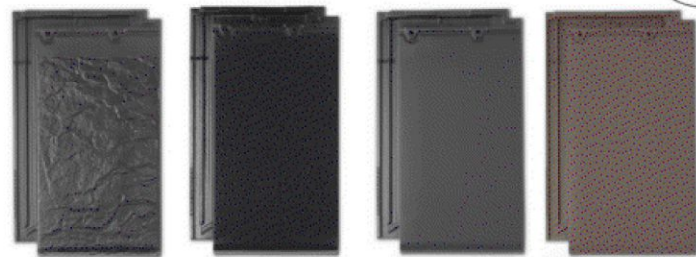

The Planum low pitch roof tile is an interlocking clay roof tile, ideal for low pitch roofs of 10 degrees minimum.

Low Pitch Roof Tiles - From 10 Degrees Minimum

Planum roof tiles can be used on roof pitches as low as 10° degrees. Thanks to innovative design and highly engineered manufacturing process at the Spanish factory, they are superior to roof slates, shingles, plain and concrete tiles when it comes to shallow pitch roofs. As one of the leading low pitch roof tiles on the market the tile comes in a range of twelve great colours and range of accessories.
