Comment Reasons:

Comment:As a fellow resident of The Square I have lived here for roughly the same amount of time as the current resident and I have absolutely no objection to this property being changed to officially be a permanent residence as it has been for many years. At a time when it is proving very difficult for island residents to rent a home due to lack of properties it would seem entirely sensible that this property be officially certificated for this purpose.

So many properties in The Square are being let out to holiday makers and I've never seen an application for change of use for these properties to the status of holiday let and no longer provide someone with a much needed permanent home.
