

Hello Francesca, Lovely to meet you!

Here are 3 separate jobs and photos, I've attached the wha3words photo too. Closest I could get to the trees ha!

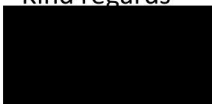

Ideally need to do these this week please. Or approved please.

All have stage 4 die back and have been marked by the surveyor. 2 are over hanging public right of way paths, one is near a property as you seen this morning.

Any issues please give me an email.

Have a good week.

Kind regards
