Conclusions/ Planning Balance
The proposal, for a replacement dwelling in the countryside, is likely to be supported in principle, subject to accordance with the details of the
relevant policies.
Full scaled drawings of the proposed replacement dwelling would be required at application stage; however, based on the details provided, it
is considered that the dwelling would be larger than the existing dwelling, but when considering the extension works approved (as per the implemented permission), the dwelling would be of a similar size and scale.
The proposal is of good design and would constitute betterment of the existing/approved works to the dwelling. The proposal is therefore likely
to be considered acceptable, in accordance with policy H08.
Based on the available details, there are unlikely to be significant impacts on highway safety and the proposal is unlikely to have a significant
adverse impact on residential amenity of any nearby neighbours.

On the basis of the above considerations and conclusions, should you wish to proceed with a full planning application, the proposal would

likely receive Officer support.

Authority Employee/Member  With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
