General notes - please read

Every Wall and Roof

Where a drawing shows a number of an adjacent building, it is intended that the party wall and roof shall be in accordance with the existing building. It is the responsibility of the client to ensure that the building is in a sound state of repair and that the building is in a sound state of repair.

Further information on this can either be found through the Internet or Extension Design Building Plans Ltd.

Building work should only be started when all of the following have been fully approved:

1) The local authority building control for a suitable building control company's technical authority covering the site.

2) Where a building permit is required, all conditions of approval must be satisfied prior to the start of work.

3) The local authority building control for a suitable building control company's technical authority covering the site.

4) The local authority building control for a suitable building control company's technical authority covering the site.

5) Where a building permit is required, all conditions of approval must be satisfied prior to the start of work.

6) Where a building permit is required, all conditions of approval must be satisfied prior to the start of work.

7) Where a building permit is required, all conditions of approval must be satisfied prior to the start of work.

8) Where a building permit is required, all conditions of approval must be satisfied prior to the start of work.

9) Where a building permit is required, all conditions of approval must be satisfied prior to the start of work.
