

Drawing A

Old Mill Cottage, Mill Street,
Stanton St John, Oxford OX33 1HN.

Oxford City Council Planning Department,

Date: 25th October 2023

Dear Sirs,

Please find the enclosed package of drawings for planning permission to place a roof over the cycle store, enlarge the entrance porch and remove most of the front garden wall of 28 Cavendish Drive, Old Marston, Oxford OX3 0SD.

Please phone 01865-358984 to be given payment over the phone.

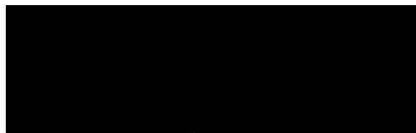

An application for planning permission for this same work was previously made in June of this year but what with considerable delay 'tying-up' the payment made to the council with the application package being submitted by post to the OCC post box in the townhall and other issues it was rejected.

The application is made on behalf of my son who is the owner of the property, but currently lives and works in Lincolnshire. I am acting as his local agent.

The corrugated plastic roof over the cycle stand has already been erected.

I can be contacted on 01865-358984, or john.battye1@gmail.com

Regards,

John Battye
