## Reason for Lawful Development Certificate

Please indicate why you are applying for a lawful development certificate

- An existing use
- Existing building works
- An existing use, building work or activity in breach of a condition

**Being a use, building works or activity which is still going on at the date of this application.**

## Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

Erection of 3 x dwellings, with garages and curtilages, with access alterations, parking, landscaping and ancillary works following demolition of existing buildings and hardstanding. Construction of vehicular access in accordance with planning permission reference 16/00935 before 8 June 2019.

## Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

- The use began more than 10 years before the date of this application
- The use, building works or activity in breach of condition began more than 10 years before the date of this application
- The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
- The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
- The use as a single dwelling house began more than four years before the date of this application
- Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

If the certificate is sought on 'Other' grounds please give details

A material operation took place and complies with the requirements of the time in which to have commenced the development, on or before 8 June 2019.

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

- Yes  
 No

Please state why a Lawful Development Certificate should be granted

The applicant has produced evidence with statutory declarations confirming that the development has been implemented in accordance with the planning permission granted.

The evidence shows that part of a road was constructed in May 2019. It is a material operation that took place and complies with the requirements of the time in which to have commenced the development, on or before 8 June 2019.

The evidence submitted in this application demonstrates that on the 'balance of probabilities' the certificate of lawful use be granted to confirm that the planning permission for the erection of 3 x dwellings, with garages and curtilages, with access alterations, parking, landscaping and ancillary works following demolition of existing buildings and hardstanding remains extant.
