Good morning Hayley ,

many thanks for your email regarding my application to carry out the proposed tree reduction work on the oak tree in our garden .

Apologies for not being more specific in detailing the work we would like to do , i have confirmed the work below .

To reduce the crown of the the tree by three metres .

To reduce the sides of the tree by 2/3 metres .

This will bring the tree back to it's original height and shape and will give the tree a more overall even appearance with no dangerous overhanging branches .

Regards ,

Mr. S. Wright
