The case officer noted in her e-mail;

'The Council would be supportive of a bungalow here in principle. I am also not adverse to the building's frontage facing Hemming Street, given the orientation of the existing workshop. Generally speaking, the design should compliment the appearance of surrounding bungalows and care should be taken to ensure that the privacy and residential amenity is protected between the occupants of the new dwelling and neighbours. The scheme should also not appear overbearing or unnecessarily prominent on the road junction. It would be helpful if any future planning application for redeveloping this site is supported by a planning statement that addresses these matters.'

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
