Hi Francesca.

I will let you be the judge of how dangerous they are. I have tree surgeons who can sort before Christmas with much luck if given the all clear.

Hope this helps.

1st photo has the A46 behind the wall to the rear of the tree.

2nd photo obviously other Ash over garage.

Hope this helps

Best regards

Good afternoon,

I am reviewing your application for a 5 day notice for removal of 2x ash trees at 1 Egypt.

Please can you provide photographs of the trees and confirm if the trees are imminently a danger.

Kind regards
