

Sustainability Statement - minor applications

Sustainability standards	Yes	No
A Net zero carbon		
1. Has the building fabric been designed to standards of ultra-low energy demand?		N/A
2. Has thermal comfort and the risk of overheating been assessed and passive design measures been prioritised?		N/A
3. Is the development fossil fuel free?		✓
4. Will a net zero operational carbon balance be achieved and 100% of energy consumption delivered using renewables?		✓
5. Will embodied carbon emissions be minimised?		✓
B Travel		
1. Is home working supported?		N/A
2. Has active travel been prioritised?		N/A
3. Is shared mobility facilitated?		N/A
4. Will electric vehicle charging infrastructure be provided?		N/A
C Water		
1. Will water consumption be minimised?		N/A

Sustainability standards	Yes	No
2. Will water be conserved through rainwater harvesting or grey water recycling?		✓
3. Has the flood risk assessment accounted for climate change and sustainable drainage proposed?		✓
E Waste		
1. Will the construction company be registered with the Considerate Construction Scheme?	✓	
2. Will a Site Waste Management Plan be followed and targets set for construction waste recycling and disposal?	✓	
3. Will there be safe and convenient access to waste recycling?	✓	
E Biodiversity		
1. Has a Biodiversity Self-assessment Form been submitted?		✓
2. Has an Ecological Impact Assessment (EclA) report and checklist been submitted?		✓
3. Will a European site be affected?		✓
4. Has a Biodiversity Net Gain (BNG) Design Stage Report been submitted?		✓
5. Will the wider environmental benefits from nature be maximised?		✓
F Voluntary sustainability standards		
1. Will non-domestic development be BREEAM certified?		✓

Sustainability standards	Yes	No
2. Will the development receive a sustainability accreditation and/or follow recognised sustainability principles?		✓
G Only for development affecting heritage assets or traditional buildings		
1. Have the heritage value of the building/s and impact on any heritage asset been appropriately assessed?	✓	
2. Is a 'Whole Building Approach' being taken?		P
3. Will Responsible Retrofit measures be adhered to?	✓
