Hi [REDACTED]

Thank you for sending those through to me.

John confirmed the depth of the excavation is 1m below external ground level to clay, this is deemed acceptable to us. Please note, the excavation will need pumping and bottoming out prior to placing concrete. I would also advise taking photos of when they are cleared please.

Kind Regards,
[REDACTED]

Good morning Jess,

Further to conversations this morning with myself and John, as discussed, please find attached a series of photos taken when the foundation trenches were completed. Hopefully this demonstrates the depth of the trench.

Kind regards,
[REDACTED]
