**Proposed Replacement Conservatory at:
Meadowgate Lodge, Chart Lane, Brasted. TN16 1LN.**

**proposed
conservatory**

Document Ref	832- D01
Revision	R0
Date	30.10.2023
Author	G.Tidwell

Introduction

This climate mitigation statement is submitted in support of a householder planning application for a replacement conservatory at: Meadowgate lodge, Chart Lane, Brasted. TN16 1LN.

1.0 Climate Mitigation Statement – 1.01 Rainwater Harvesting

The proposal will provide two rainwater storage devices; located either side of the proposed replacement conservatory so that garden irrigation can avoid the use of potable mains supplies. These will have a capacity of at least 200 litres each. The locations of the rainwater storage butts can be seen on the proposed ground floor plan and elevations as proposed.
