

Hi Suzanne

Please See Below

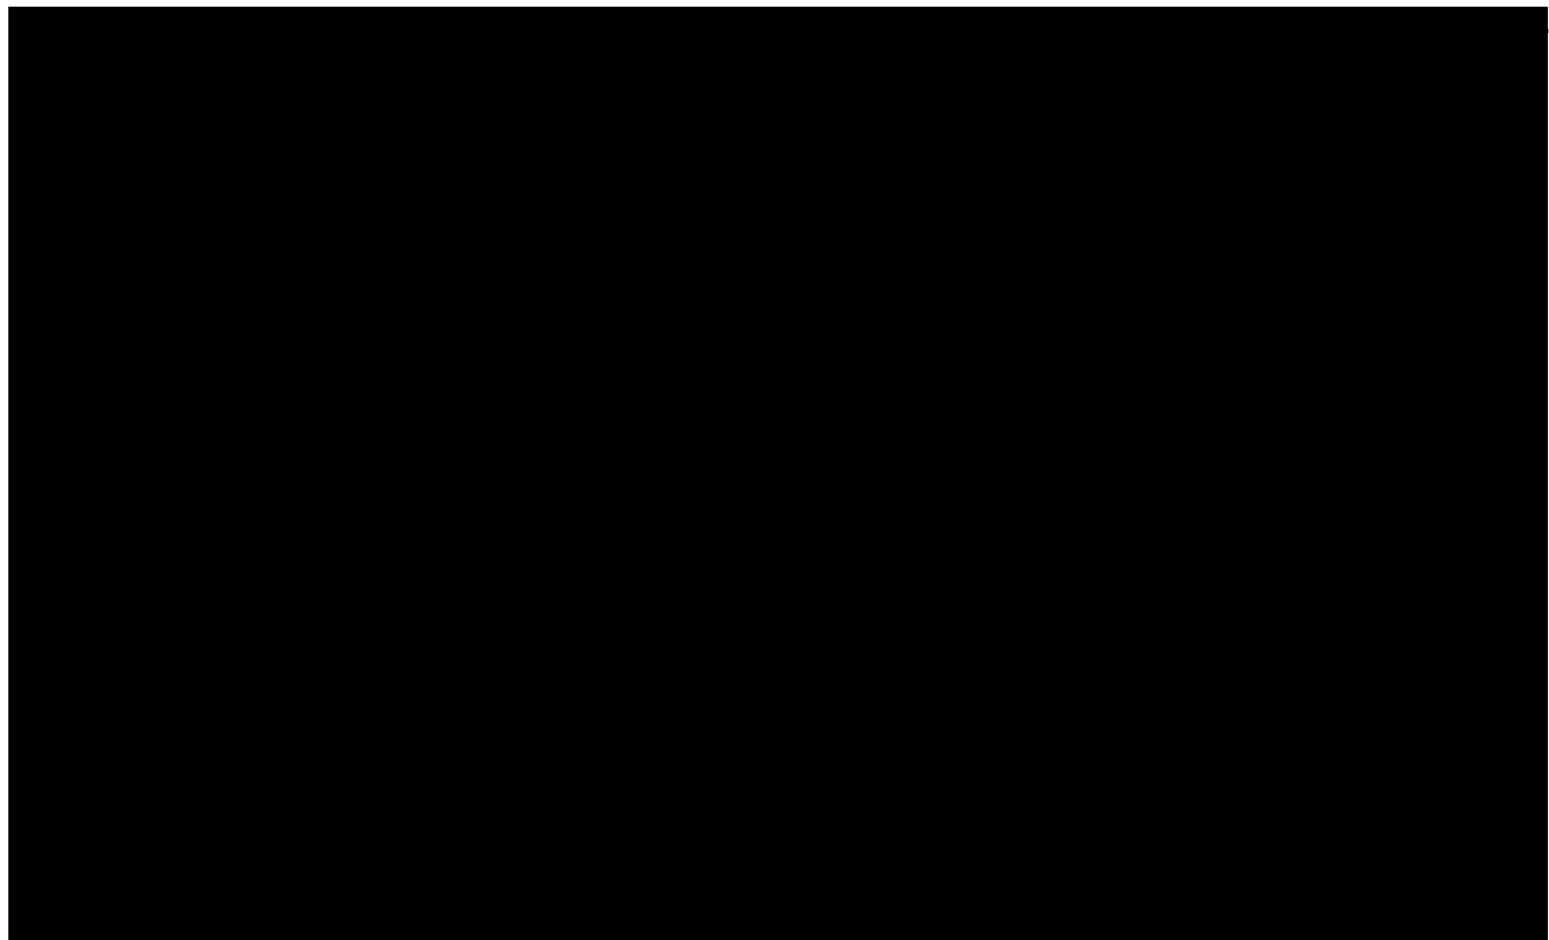

Good afternoon

Thank you for your email.

Can you please clarify the following:

1. Can you please confirm what the height of the tree will be in metres above ground level?
Approximately 15mtrs

Regards,

Good Morning Suzanne

Thank you for your email.

I can confirm the following.

1. River Birch is for a lateral reduction and its just the branch that is touching the roof which is approximately 1m.
2. Common Ash – back to previous points approximately 3mtrs off the top

Kind regards

Josh Parry
