Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

We are seeking to make elevational improvements which have a neutral impact to the rear elevation, but help harmonise the front elevation, by reducing the range of materials to the front and by giving a uniformity of dormer type. The application was originally approved in 2017 and has been commenced with the rear ground floor works completed. Due to the the original application's approval in 2017, it was felt that a variation of condition application was the most suitable application type.

If you wish the existing condition to be changed, please state how you wish the condition to be varied
