Subject: RE: Invalid Planning Application Ref. PF/23/2449 - BR

Good Morning Ben,

Thank you for your email, and phone call.

As per your attached letter, I can confirm :

Location Plan is correct and can be used.

Site plan is also correct, as is the Hi-lighted area for where the new driveway will be.

Photo with the red line drawn on - I can confirm this is my property and that this can be used.

As per your request during our phone call, I have also attached a photo looking towards my house from the road outside. Below.

This shows a green bank to the left of the current stepped footpath, with the front of my black car also in the image.

The stepped pathway and the majority of the land to the left of it will be the new driveway.

The concrete block wall on the right hand side of the current pathway will remain.

The hedge growing across the front of the right hand side of the garden(as you look from the road) will be removed.

I will call the telephone number 01263 513811 Mon morning and quote the ref "PF/23/2449" to pay the £206 fee for this service.

I trust you now have everything you require to process my application, but please feel free to contact me should you require any further information or clarification.

Kind Regards
Aileen Robbins
