What was the original application type?

Householder development: Development to an existing dwelling-house or development within its curtilage

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Revised fenestration changes (entrance door & side window position) to front elevation.

Please state why you wish to make this amendment

Following the applicants careful removal of render finish from the front elevation, these works have revealed an original brick header detail suggestive of a previous / historic siting of the front / entrance door. In light of these findings and in line with the approved scheme showing that the brickwork is to be left exposed, the applicants propose to reposition the door into its previous / historic location below the brick header detail. We concur that this would be a sensitive & suitable solution.

Case officer of the opinion that the change is very minor in scale and should simply be subject to a Non-Material Amendment application.
