Details of the pre-application advice received
The pre-appliaction advice received is as follows:
'In summary, a replacement dwelling is acceptable in principle. However, the specific concern in this case is that the replacement dwelling is materially bigger than the one it replaces and so there is a conflict with Green Belt policy.
In terms of other matters, there are no fundamental concerns, subject to the below advice in regards to design, residential amenity and transport.'
The house originally proposed in the pre-appliaction advice request (Dec 2022) was a two-storey building. The house proposed in this appliaction has been re-designed in response to the advice received. The new proposal envisages a Ground Floor level very similar in scale to the existing Old Stables with an unobtrusive Lower Ground Floor level beneath. Please see the attached Design and Access statement.
Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following:  (a) a member of staff  (b) an elected member  (c) related to a member of staff  (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
