Dear Sirs

Re; Planning Application for amendments to access provisions as consented under planning application 21/01450/FUL. Required as a result of ongoing erosion, Coastal Erosion Prevention Works at the Naze Peninsular, off Old Hall Lane, Walton on the Naze, Essex for Tendring District Council.

Please find with this letter the plus the supporting information as listed below;

Site Location Plan (land edged red)
Drawings; TDC01/03/19-100b Location 4 Access Works (as consented)
TDC 01/03/19-103a Location4 Access Works (as proposed to take into account effects of ongoing erosion)
TDC 01/03/19-200 Location of Proposed and Consented Works
Design and Access Statement
Planning Statement
Transport Statement
Ecological Report Updates 2023
Outline Construction Environmental Management plan
Outline Construction Management Plan
Photographs of Location 4

The application has been submitted taking into account the considerations included in responses received to enquiries made of Tendring District Council as to the need to submit a further planning application. This being as a result of ongoing erosion of the foreshore at the Naze, Walton on the Naze, Essex, and as a result of this ongoing erosion amendments being required to the previously consented access (ref 21/0145/FUL) to allow works to limit the erosion taking place, being carried out.
