Our proposal for your project.

Reynaers
at Home

Dear Castle Carpentry.

Here at C&A Window Systems Ltd, we are one of the UK's leading manufacturers and suppliers of premium aluminium glazing products.

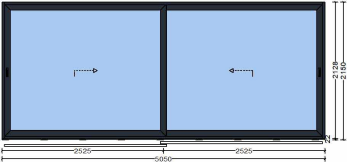

We are specialists in the manufacture, supply and installation of residential and commercial windows and doors, curtain walling, bifolding and sliding doors. Our technical and product knowledge, manufacturing expertise and processes enable us to bring any glazing project to life and ensure completion to the highest standards.

C&A Window Systems Ltd are at the forefront of the glazing sector. Our attention to detail and unrivalled customer service ensures your ideas are planned, designed, manufactured and installed seamlessly, giving you peace of mind throughout.

Our team are always on hand to help with any queries you may have.

We thank you for your enquiry and are pleased to detail our quotation as follows, for the supply and installation of our products.

Total Price		

Would you like to proceed with this quotation as an order?

Please check that the designs and specifications of the products meet your requirements and then sign and return the complete document to us. Please send this to toorders@candawindowsystems.co.uk

Please note that no orders will be processed until we are in receipt of a signed order and initial deposit payment.

For **ALL** supply and install jobs, our payment terms are as follows

Initial payment = 50% of the total project value at point of order

Staged payment = 40% of the total project value prior to delivery

Final payment = 10% balance being due on completion of installation and satisfactory handover.

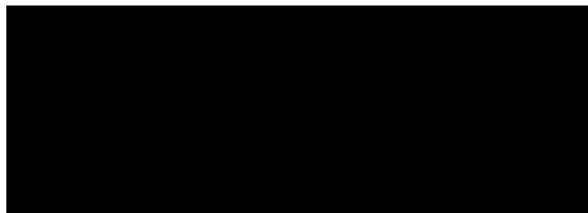

Payments can be made by BACS using the account details below. Please use the quotation or job number as a reference for clarity.

I am happy to confirm that the information, designs and specifications in this document are correct and I wish to proceed with the order.

I have understood the terms and conditions that form part of this agreement and agree in full. I understand that once an order is signed off for manufacture, it is not possible to make any amendments.
