Description

Site starts with access road adjoining Cow Lane, Edlesborough running north to 1+acre vacant field.
(The field has been unused for 20 years as the crop did not give sufficient yield to compensate the farmer's costs or time).

There are allotments to the west and adjacent to the access road. The 1+ acre field sits adjacent to the top of the allotments.

A footpath also runs adjacent to the eastern side of the access road starting at Cow Lane and continues to the southeast side of the 1+ acre field where it diverts and crosses to the top northwest corner of the field.

This section of footpath also connects and exits to Summerleys Road.

There is no access to the site from Summerleys. The site's access starts at Cow Lane as per map.

I have been advised that the planning committee will consider my request to divert the section of the footpath running across my field back to the original position running along the top edge of the field. Also, that this may be decided after the planning decision.

Nearby Developments: Adjacent to Cow Lane, there is a large development to the east of the access road. There are 3-4 cottages to the east of the 1.3 acre field which are adjacent to Summerleys Road. If approval granted for pending planning application there will also be a new development adjacent to the west side of my 1.3 acre field and to the east side of the Greyhound Running Track.

Have not been able to find an exact address but is noted as: Near Heather Mead, Edlesborough, Buckinghamshire, LU6 2HJ

Easting: 497333. Northing: 220005

Thanking you for your time and attention.

New to the Planning Portal so please contact Lngwhite@me.com if further details needed.

Description of the Proposal

Please indicate all those matters for which approval is sought as part of this outline application (tick all that apply)

- Access
- Appearance
- Landscaping
- Layout
- Scale

Note: if this application is approved, the matters not determined as part of this application will need to be the subject of an "Application for approval of reserved matters" before the development may proceed.

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe the proposed development

The site has a 1.3 acre vacant field with access road leading to Cow Lane. This is the only access to the 1.3 acre field.

My proposal requests approval for 3 dwellings on the 1.3 acre field. The dwellings would consist of 3 detached houses with 3 x 4- 5 beds and garages.

I understand that the access road at 5.5-6 meters wide is compliant with the Highway Dept regulations for 1-3 dwellings. The existing footpath width running adjacent to the access road is in addition to the width of the access road.

Except for the Access Road, all matters are reserved within the planning application.

Has the work already been started without planning permission?

- Yes
 No

Site Area

What is the measurement of the site area? (numeric characters only).

5691.70

Unit

Existing Use

Please describe the current use of the site

The entire site remains vacant and unused for approximately 20 years.

Is the site currently vacant?

- Yes
 No

If Yes, please describe the last use of the site

The last use of the site was to harvest hay by a local farmer. This was 20 years ago.
He stopped using the field as the crop's yield was insufficient to compensate for his costs and time.

When did this use end (if known)?

dd/mm/yyyy

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Is a new or altered pedestrian access proposed to or from the public highway?

 No

Are there any new public rights of way to be provided within or adjacent to the site?

- Yes
 No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- Yes
 No

If you answered Yes to any of the above questions, please show details on your plans/drawings and state their reference numbers

All but one section of the existing footpath has been in place for many years. This one section crosses my field and was diverted several years ago. I understand for planning approval it should be diverted back to its original position along the top the 1.3 acre field where it will run to the top left hand corner of the field and then south to rejoin the rest of the existing footpath.

The existing footpath runs adjacent to my access road and connects to Cow Lane.

I have been advised that this limited footpath diversion may be dealt with in the pre-planning stage of my planning application or post planning decision.

There are no new public roads or public rights of way to be provided within the proposals. The proposal does require one section of the existing footpath to be diverted to the top of the field instead of crossing the field itself. It would then continue south to reconnect with original footpath.

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

- Yes
 No

Materials

Does the proposed development require any materials to be used externally?

- Yes

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
