

Dear Alfred,

Thank you for your email.

I have annotated the proposed elevation drawing as request and attached it to this email.

Can you please confirm what is not scalable as I have checked all the drawings and they are correct. We use the same template for all CAD drawings and haven't experienced any issues previously. Can I check you are not trying to scale from the photomontage as this is a photomontage and supporting document. Mentions not to scale from this document within the DAS. Thanks.

Kind regards,

David Cooper
