This Message originated outside your organization.

Ms. Humpherson, good afternoon and hope you are well?

With regard your recent 'Invalid Application' letter to me Ref: CC/23/02454/FUL I am currently resolving the drawing issues (Items 3 to 7 on your letter) and will forward these on in due course. I am currently compiling the Design & Access Statement and will forward this on in due course.

With regard Item 1 on your letter I believe that your proposal to point 1 (application description) does not reflect correctly the proposal in that the front entrance gates are NOT being replaced. If the description has to be changed may I pass a counter proposal in the following:- 'Partial replacement of boundary fence to perimeter and new secure secondary front pedestrian access gates, new secure car park gates and side pedestrian gate leading to the car park but retaining the existing front boundary gates to existing position'.

With regard Item 2 on your letter I understand that the area is 34,650m² and should be amended on the application form.

I will contact you and forward the amended drawings in the next week or so.

Many thanks.

Kind regards,

Keith.

Keith Blow, BSc (Hons), FRICS, FCIOB, FB. Eng.
Head of Trust Academy Estates.
University of Chichester Multi Academy Trust
2.03 Arran House, Bognor Regis Campus

Please note that my working times are Tuesday, Wednesday and Thursday.
