

Drawing and design are copyright of Dsign House Architecture Ltd unless specific content in writing has been given to the client. All works shall be carried out in accordance with the drawings and shall be in accordance with the statutory approvals for planning, building control and relevant codes of practice and/or British Standards unless specific direction is given. All works to be carried out in accordance with client regulations for health and safety. Construction Management Regulations also require that a principal designer is appointed for each project, we do not undertake this role unless agreed in writing prior to commencement of works. The client is responsible for the design of the building and the individual principal designer to be otherwise appointed. Public sewers under or within 3m of a foundation footprint must be located on site and sign verified to the appropriate Water Authority where required by the client or contractor and submitted 14 days before the commencement of work. Any water Authority Building over Agreements should be confirmed and agreed with the authority or the client. The client/contractor are responsible for the approval of any associated planning conditions where required. Do not scale or take digital dimensions from this drawing. All constructional dimensions contained in the drawings should be checked on site prior to construction. Calculations and scale for all structural elements to be provided by a structural engineer to the Building Control Officer and contractor prior to commencement of work. Any discrepancies should be notified to the practice without delay.
