Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

We are wanting to change some of the external facing materials to the external walls that were approved.

Please state why you wish to make this amendment

The dwelling where located gets exposed to strong wind and rain and the building contractor working on the job has recommended that render to the external walls would not have a long life expectancy and would require repairs carried out on a regular basis. The client has seen the fibre cement board on other new build developments in the area, carried out research and seen that they can be maintenance for up to 20 years, therefore a better alternative to a render finish
