Our recent application (ref. 23/01013/LBC) included an error in our proposed elevation drawings (but not the Design & Access Statement), where we referred to the slimline glazing as 'secondary' even though the intention was for this to be 'double' (as the slimline glazing is designed to be.) The case officer he confirmed we would need a new LBC application for the slimline double glazing, including a condition report and details of the proposed slimline glazing.
