Existing Use - Please describe the current use of the site

Previous Answers:

The current use of the site will continue. The outdoor climbing structure is already in situ and is being refurbished in line with the original planning consent Ref. No: 20/00898/FUL. The proposed tent will prolong the life of the structure by providing shelter from the elements.

Declaration - Amendments Summary

Previous Answers:

Updated Answers:

As stated in the original application the tent structure has been in place on a temporary basis to provide shelter for the renovation works to the outdoor boulder. Those works are now complete. The costs to remove and then re-instate the tent in the spring are prohibitively expensive, additionally this would also leave the refurbished structure exposed to the elements. As such we plan to keep the tent in place and have amended the application to be a retrospective application.
