I have compared the measurements I took against the planning consent and it appears that the ground floor rear extension is within the scope of the planning approval. I cannot quite recall if the rooflight was in at the time of my site inspection, but I can see that a small rooflight was proposed on the approved plans. If a larger rooflight has been installed/is due to be installed, please bear in mind that this will be a deviation from the approved plans and I would suggest you submit a variation to regularise the development.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No
