Description of Proposed Works

Please describe the proposed works

I would like to replace the existing front boundary (currently unkempt holly bushes) with a wall. I intend to remove the entire front border, including trees, hedging and fence. Create substantial concrete footings to support a rendered block wall (325mm wide) 1 metre high with pillars continuing up to 2m and some form of composite filling the space between pillars. The wall will run for approximately 18 meters along the front and then directly back to join the garage. There will also be mountings for an electronic gate across the driveway.

The reason for the change:

Our garage was broken into and substantial items were stolen, the police advised putting in a gate to deter repeat offences however, we cannot put a gate in with the current configuration. The police have also suggested a wall >1meter high as the the items stolen could easily be lifted over a 1 meter high wall.

Has the work already been started without consent?

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
