Details of the pre-application advice received

1. The proposed increase in ridge height by 0.3m, from 7.5m to 7.8m would not substantially increase the prominence of the host dwelling when viewed from the street scene, and would maintain the existing pattern of ridge heights reflecting the land levels within the vicinity. It is not considered that the increase in ridge height would appear unduly prominent within the streetscene of By The Wood, nor result in harm to the character and appearance of the host dwelling, street scene or wider area.
2. It is considered that the width of the dormer should be significantly reduced such that it would appear more subordinate within the rear roofslope, and the original form of the rear roof slope could still be read. It is also suggested that the windows within the rear dormer could also be reduced in width in order to further minimise the overall scale of the rear dormer window.

## Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No
