Hi Levi

Many thanks for our email.

We currently have 76 members of staff however only 16 car park spaces.

Since the closure of the Victorious Field Car Park on Wells Road, staff have nowhere to park apart from along the roadside or a pay and display car park.

We have had a few residents who live adjacent to the trees in question who have complained about them, suggesting they are blocking sunlight within their gardens.

If this work was agreed; we would have an additional 10 car parking spaces for staff.

Please find attached a sketch of the proposed area of carparking in red.

Please let me know if you need any additional information.

Thanks

Karl Jackson
