

Do Not Scale Dimensions From Drawing

Rev. Date Description

A	07.09.22	Minor adjustments to legibility.
B	18.10.22	Carwash & jet wash relocated to the center of the site. Jet wash nudged against car wash. Acoustic screening added to the edges of the site, adjacent to the car wash and parallel to the site boundary. Adjusted kerbs west of shop.
C	17.01.23	Drainage routes & interceptor tank added. New fuel tank repositioned.
D	10.02.23	Layout to south of shop revised to accommodate click and collect window
E	28.02.23	Exterior wall cladding added to the extended collection block for drive through. Marked up section lines of Sectional Elevations
F	26.04.23	Relocated tank and forecourt interceptor. New manholes introduced at forecourt. Channel drain adjusted to accommodate steep gradient. Drive thru kiosk and cycle parking introduced.
G	01.06.23	Updated orientation of yard area (bin store) & OS to show context around site.
H	25.07.23	Original footpath link at the Northeast of the site confirmed as been retained. Tarmac path to be widened with block paving.
I	28.08.23	Pedestrian path added starting at the site's entrance, to meet the existing cycle path at the north end of the site.
J	17.10.23	Close board fence added to the eastern and western boundaries, for acoustic purposes
